

Messe Berlin plans to hold ITB Berlin, the World's Leading Travel Trade Show from 9 to 13 March 2022, as an in-person event in Berlin, with the Digital Business Day on Thursday, 17 March 2022 as a virtual addition to the show.

The situation regarding the pandemic remains in flux, and as a company owned by the Land of Berlin Messe Berlin conforms to the relevant legal provisions. The Berlin Senate has passed an amendment to the [SARS-CoV-2 Infection Control Directive](#), effective as of 15 November 2021.

In accordance with this legal directive, that part of ITB Berlin which is to be held as an in-person event from 9 to 13 March 2022 must take place under "2G" rules. Specifically, this means that only participants who have recovered from Covid or have been fully vaccinated having received an EU-approved Covid-19 vaccine, and who supply corresponding proof thereof, may be admitted to the event. A list of EU-approved Covid-19 vaccines can be found [here](#). Against the backdrop of these latest developments, Messe Berlin will amend its safety and hygiene concept for "2G" rules accordingly.

Detailed information on admission requirements can be found in our FAQs for exhibitors: <https://www.itb.com/en/extra-pages/hygiene-safety/> where we provide regular updates on the latest safety and hygiene measures.

If you have already registered, but due to the change in admission requirements you no longer wish to or cannot take part in ITB Berlin 2022, you have the right, in accordance with the conditions of participation, to **cancel your stand rental agreement free of charge by 30 November 2021**.

At the same time, the fact that as per the latest directive only persons who are vaccinated or have recovered from Covid may take part means you have greater freedom to plan your participation:

- When planning a stand there is no need to consider social distancing requirements
- Attendance numbers on the stand are unlimited
- Masks need not be worn
- It is possible to hold events on the stand

The current admission requirements provide important answers, enabling you to better prepare for ITB Berlin 2022. The key element of ITB Berlin 2022 is being able to meet face-to-face again. The new rules will make this safer and a more intense experience.

We look forward to welcoming you at ITB Berlin 2022.

Best regards from Berlin
